

The Life of Ian Larsen Gromowski

Sunrise: June 25, 2007 Sunset: August 10, 2007

The goal of this newsletter is to give up-to-date information for frequently asked questions from those who contact us. In addition I want to cover current news on vaccine topics and add a bit on 'greening' your life. Every little bit helps!

I hope the below information lends some new information for each of you. If there is a topic you would like to hear more about, have questions, or simply want to comment or give suggestions please email deanna@iansvoice.org.

In The News or Upcoming Events

April is Autism Awareness Month! April 2nd was Autism Awareness Day.

Jenny McCarthy with Dr. Jerry Kartzinel is on her media tour for her new book, *Healing and Preventing Autism* (please check out <http://www.generationrescue.org/index.html> for invaluable information about vaccines, autism, and more)

Ian's story MAY be on Extra this coming week, please tune in.

Hep B Information

FDA indicates on its own website that the Hep B is not necessary for infants: <http://iansvoice.org/fda.aspx>

Dr. Tenpenny discusses why the Hep B vaccines is NOT necessary for infants:

Want to access VAERS (Vaccine Adverse Event Reporting System and government run organization)? <http://vaers.hhs.gov/info.htm> This organization is how the CDC reports adverse reactions to vaccines. This is where it derives its statistics. If you read the front page it is interesting that they discuss 'coincidence' a lot....especially considering the rise in autism. This is a MUST see. You can also request information and see the reports.
